CARDBOARD DÉCOR: THAT'S A WRAP!

- **Recycled, remodelled and reshaped** at will, the cardboard that fills our streets year after year is a fine illustration of all the chic, eco-friendly possibilities offered by the circular economy model. **Within the hands of cardboard crafters, this material becomes a noble medium for sculptural art.**

- Over five days, the Paris Déco Home installation, **Cardboard outside the Box**, will reveal innovative, protean furniture developed by a **collective of seven women cardboard craft artists**. The group is headed by Emmanuelle Burel-Zarée, founder of La Manivelle Cartonnage studio (and winner of a silver medal from the French Academic Society of the Arts, Sciences and Humanities (ASL)).

- The furniture will be displayed under **two transparent bubbles** located on Place Saint-Germain-des-Prés (6th arrondissement) on the Left Bank, and Place des Petits-Pères (2nd arrondissement) on the Right Bank. Each one will be **filled with creations by designers in attendance at Paris Déco Off**, including fabrics, wallpaper and trimmings.

- **Visitors will be able to admire a lounge and bedroom styled by the stylist Alice Forest**, who will be bringing the best of both worlds by marrying together **sustainable furniture and exceptional creation.**

The members of the cardboard crafting collective are Emmanuelle Burel-Zarée (La Manivelle Cartonnage), Karine Caffier (Carton k), Janik Fournier (L'Instant Carton), Sophie Garnier (Carton-Peint), Kitty Naslin (L'École du Carton), Alice Ruelle (Création & Carton) and Nathalie Triiniac (L'Atelier du Carton).

Free shuttles are available for travel between the showrooms, with pick-up points at Place Saint-Germain-des-Prés on the Left Bank and Place des Petits-Pères on the Right Bank.

Showrooms will be open from 9:30 am to 7:30 pm, and until 10:30 pm on Saturday 21st January 2023.
